FOREWORD

The Digest of Public General Bills and Selected Resolutions was prepared originally for the Second Session of the Seventy-fourth Congress and has been published for all subsequent Congresses.

The purpose of the Digest, as indicated by the committee report on the appropriation for 1936, is to furnish, in the form of a brief synopsis, the essential features of the introduced public bills and joint resolutions and a little fuller digest of reported measures in order that Members may have a file from which they may follow the legislation when introduced and from which they may readily answer correspondents concerning these measures. Beginning with the 84th Congress selected simple and concurrent resolutions are included.

In order to furnish Congress with more frequent coverage of bills introduced beginning with the 84th Congress, Second Session, the Digest is being issued on an accelerated schedule. This change resulted from suggestions of a representative number of Members of Congress. The new schedule calls for 5 cumulative issues, including a Final Issue upon adjournment. Supplements will appear approximately every two weeks between such cumulations.

The preparation of the Digest is the task of the Bill Digest Section of the American Law Division, Edwin B. Kennerly, Editor.

S. 8. Passed by Senate February 4, 1960.

School Assistance Act of 1960 - Declares it to be the purpose hereof to provide a 2-year program of Federal grants to the States to assist them in constructing urgently needed public elementary and secondary school facilities in local communities and for teachers' salaries. Assures against Federal interference in schools. Authorizes for fiscal years 1961 and 1962 an amount equal to 20 times the school age population of the United States.

Allots funds in any year among the States on the basis of relative school-age population as weighed by relative income per school-age child. Provides that the Commissioner of Education would allot to each State an amount which bears the same ratio to the funds appropriated for the year as the product of (1) the State's school-age population multiplied by (2) the State's allotment ratio, bears to the sum of the corresponding products for all the States.

Provides that for the second year of the program, the allotment of any State would be reduced by the percentage (if any) that the State's school-effort index is less than the national school-effort index. Reapportions the total of such reductions among the States not subject to such reductions by increasing proportionately the sum of the amounts originally apportioned to them for the year.

Requires a State education agency which desires to receive an allotment and payment hereunder to submit to the Commissioner of Education an application which provides: (a) assurance that the State education agency will be the sole administering agency for the funds received; (b) sets forth procedures to insure that funds will be allocated among projects within the States so that priority is given to local education agencies, which, in the judgment of the State education agency, have the greatest need for additional school facilities and which are least able to finance the cost of needed school facilities; (c) provides assurance that every applicant whose application for funds is denied will be given an opportunity for a hearing before the State education agency; (d) sets forth procedures for such fiscal control as may be necessary to assure proper distribution of funds hereunder; (e) specifies the proportion of its State allotment that will be expended for (1) the construction of school facilities and (2) for teachers' salaries; and (f) certifies that funds the State education agency specified for teachers' salaries will be distributed in accordance with this Act.

Provides that after the first year that allotments are made, a State, to receive payments for the following year, must have matched the Federal funds the State received under the Act in the previous year by having increased its expenditures for elementary and secondary education by an amount that is not less than the product of (a) the States share and (b) the expenditures for elementary and secondary education from State and local sources in the base school year 1959-1960 but provides that the State allotment shall be reduced by an amount equal to the sum by which the State fails to match the prescribed amount set forth in this section. Total of this reduction shall be realloted among the States proportionately.

Directs that funds received hereunder be distributed and expended not later than the end of the following fiscal year. Provides hat any fund paid back to the Commissioner shall be realloted during the next fiscal year.

Makes applicable the provisions of the Davis-Bacon Act.

S. 19. Vetoed July 12, 1960.

S. 44. Approved June 3, 1960
(Public Law 86-488).

Authorizes the Secretary of the Interior to construct the San Luis unit of the Central Valley project, California, for the purpose of furnishing water for municipal and domestic use in Merced, Fresno, and Kings Counties, California. Prohibits construction of electrical transmission or distribution facilities if such service can be obtained at less cost to the Government, based on a firm 50 year contract.

Authorizes the Secretary to enter into an agreement with the State of California providing for construction of joint-use facilities and coordinated operation of the San Luis unit and the joint facilities so that the State may, without cost to the United States, deliver water in service areas outside San Luis. Sets forth certain requirements for such agreement.

Directs the Secretary to plan the works so as to make service to other areas possible.

Authorizes $290,430,000 be appropriated for the construction of the San Luis unit and joint facilities herein authorized. Provides that such sum shall be diminshed to the extent that the State makes funds or lands available to the Secretary.

S. 68. Approved September 2, 1960 (Public Law 86-684)

Authorizes the Secretary of the Interior to continue to deliver water under the Federal reclamation laws to lands remaining in the ownership of the surviving spouse without requiring the execution of a contract. Provides that in event of remarriage of surviving spouse, such lands shall be governed by applicable law without regard to provisions of this Act.

Provides that the right of a political committee to begin its activity is dependent on the election of a chairman and treasurer and adds the additional requirement that no expenditure be made without the authorization of the chairman or treasurer.

Requires persons receiving contributions for a political committee to render a detailed account of such receipts to the treasurer at his demand or within 5 days of receipt, adding the requirement that committee funds be kept separate from any personal funds and be deposited in a special account.

Directs the treasurer to (1) demand reports from persons receiving contributions for the committee; (2) keep a detailed account of (a) all contributions made to or for the committee, and (b) all expenditures made by or for the committee, every entry to include name and address of the contributor and date contribution was made; (3) obtain and keep receipted, itemized bills of every expenditure exceeding $100; (4) preserve the financial records of the committee; and (5) file the committee's reports.

Makes changes in the order of provisions by clarifying the requirement that all records be preserved.

Makes provision for a more complete reporting of campaign contributions and expenditures - Presidential and Vice-Presidential candidates are exempt from the reporting requirements - by requiring political committees and congressional candidates to file reports as follows: Originals filed with the Clerk of the House of Representatives; copies filed with clerk of Federal district court (in the case of candidates of the appropriate court is that of the district of residence, in the case of political committees that of the district where the principal office of the committee is located). Further, requires political committees supporting candidates for President, Vice President, or Senator as well as candidates for Senator to file a copy of their reports with the Secretary of the Senate. Also, requires the treasurer of a political committee to transmit a copy of his report to each candidate on whose behalf the committee received contributions or made expenditures.

Provides that reports be filed semiannually as of June 30 and December 31 and that the election-year reports be filed the 10th day next preceding the date of an election, and as of the 30th day following an election; grace period in each instance is 3 days. Requires two additional election reports unless special elections are held.

Requires the report to contain (1) the amount of cash at beginning of the reporting periods; (2) name and address of each contributor to or for such committee in the aggregate amount or value, within the calendar year of $100 or more, except transfers of funds to or from political committees or candidates; (3) the total sum of individual contributions made to or for such committee during the calendar year and not already stated; (4) name and address of each political committee or candidate from which the committee received any transfer of funds; (5) total sum of all contributions made to or for such committee during the calendar year; (6) name and address of each person to whom an expenditure has been made by such committee of the aggregate amount or value, within the calendar year, of $100 or more, and the purpose of each expenditure; (7) total sum of all expenditures made by such committee during the calendar year and not stated elsewhere; (8) name and address of each political committee or candidate to which the committee made any transfer of funds; and (9) total sum of expenditures made by such committee during the calendar year.

Requires anyone making contributions aggregating $100 or more within a year to file report with the Clerk of the House of Representatives, District Court Clerk and, when made in support of a candidate for

President, Vice President or United States Senator, a copy with the Secretary of the Senate.

Requires that the candidate's report contain the same information prescribed for reports of political committees, including amount expended from his own funds. Reenacts existing provisions that the candidate's reports be cumulative and that the first report contain a statement based on the record of the proper State official "stating the total number of votes cast for all candidates for the office the candidate seeks, at the general election next preceding the election at which he is a candidate".

Reenacts the provision that all reports be verified by oath or affirmation by the filer as well as the provision that a report is deemed properly filed when deposited in an established post office within the prescribed time, stamped, registered, and addressed to the prescribed recipient; adds the additional requirement that there be delivery to the recipient.

Requires the treasurer of a political committee to preserve all receipted bills and accounts for a period of 2 years; the recipient of reports to preserve same for a period of 6 years from date of receipt and the filer of a report to keep a copy of same for a 1-year period.

Enumerates the duties of the Clerk of the House of Representatives and the Secretary of the Senate regarding the reports as follows: they shall (1) preserve reports filed with them for a 6-year period; (2) make such reports available for public inspection; (3) make such reports available within 24 hours of receipt; and (4) permit the copying of reports by manual and mechanical means at the request of any person at his expense. Provides that the duties of the Clerks of the Federal district courts be the same as those just enumerated.

Raises the limitations on campaign expenditures by congressional candidates as follows: Senators and Representatives at large - $50,000; Representatives or Resident Commissioners - $12,500. However, in the case of an election other than a caucas or nominating convention provides an alternative limitation.

Provides for limitation on expenditures by candidates for President and Vice-President who are nominees of a political party to not exceed an amount equal to multiplying 20 cents by the largest number of voters casting votes for presidential electors in one of the last 3 preceding elections. A candidate for nomination for the office of President or Vice-President is limited to 50 percent of the amount prescribed by above formula.

Sets penalties for violation of the Act at $1,000 fine and/or 1 year imprisonment; willful violations are punishable by a fine up to $10,000 and/or 2 years imprisonment.

Provides that contributions or expenditures for proper legal expenses in contesting an election are not within the scope of the Act.

Reenacts the provision that this Act neither annuls, nor exempts any candidate from complying with State election law requirements; however, provides that the Federal ceilings on campaign spending by congressional candidates shall fully supersede any such limitations of the State law.

Reenacts the provision prohibiting the purchase of goods inuring to the benefits of candidates or political committees but added the proviso that the prohibition not apply to purchases and sales by candidates and committees of campaign pins, buttons, and similar materials where the price of each article does not exceed $5, and that it does not apply to purchases from political committees of any goods, advertising, or articles sold by such committees on a nonprofit basis.

Repeals the existing $3 million ceiling on interstate political committee contributions and expenditures and establishes for political committees operating in 2 or more States a ceiling limited by "the amount obtained by multiplying 20 cents by the highest number of voters casting votes for all candidates for the office of Presidential elector in any one of the last three elections for that office".

Sets as the effective date of the Act, January 1, 1961 [amending U. S. C. 2:241 et seq.; 18:591, 597, 599, 608, 609, 610, 612; 50:1509].

Increases the FHA general insurance authorization by $4,000,000,000. Makes the urban renewal program applicable outside urban renewal areas in certain neighborhoods. Permits mortgage insurance of units in multifamily structures with joint ownership of common areas and facilities (condominium housing).

Increases by $25,000,000 the funds authorized for direct loans for housing for the elderly. Provides for facilities needed for the health and recreation of the elderly to be included in such projects.

Increases the funds available for urban renewal capital grants by $350,000,000. Permits the Administrator to exceed the ceiling on relocation payments where local governments contribute to the additional costs. Permits urban renewal funds to be used for a pilot rehabilitation program in renewal areas. Extends the urban renewal program to include hospitals on the same basis as colleges and universities.

Permits donation of certain land in Knoxville, Tennessee, as a historical site.

Removes the per unit limitation for an FHA loan purchased by FNMA if it is secured by a project in an urban renewal area. Increases FNMA special assistance authorization by $150,000,000, and authorization for purchase of consumer-type cooperatives insured under FHA by $25,000,000.

Provides for the construction of 25,000 low-cost housing units. Permits additional contributions (up to $120 per year) by the Federal government for the elderly to avoid a deficit in low-rent project operations. Permits overincome tenants to remain in such projects if other housing is not available.

Increases college housing loan authorization by $500,000,000, with a $50,000,000 increase in other educational facilities and $50,000,000 for student-nurse and intern training.

Increases the public facility loan authorization by $50,000,000. Extends VA direct housing loans for one year, and the farm housing program until June 30, 1963.

Foreign Investment Incentive Tax Act of 1960 - Defines a foreign business corporation (FBC). Sets forth the following requisites to be met by a corporation before it will be deemed qualified as a FBC. It (1) must be a domestic corporation, must have elected the tax deferral treatment, and also must have met five specific requirements; (2) must derive 90 percent or more of its gross income from less developed countries (as proclaimed by the President): (3) must derive 90 percent or more of its gross income from some combination of the four classes of income listed below: (a) Income from the active conduct of a trade or business; (b) dividends from a qualified payor corporation (a qualified payor corporation is a corporation in which the foreign business corporation has a 10 percent stock ownership and which must meet substantially the same qualifications as the FBC itself); (c) income other than dividends from one of these qualified payor corporations; and (d) compensation for technical, managerial, engineering, construction, scientific, or like services performed in less developed countries and for the right to use, outside of the United States, patents, copyrights, secret processes and formulas, goodwill, trademarks, trade brands, franchises, and other like properties; (4) must not derive more than 10 percent of its gross income from the sale of any articles for ultimate use, consumption, or disposition in the United States; (5) must not be an "ineligible corporation," namely tax-exempt organizations, China Trade Act corporations, regulated investment companies, personal holding companies, life insurance companies, unincorporated business enterprises taxed as corporations, or corporations electing to have their income taxed to shareholders. Treats as ineligible a corporation which pays less than the required or prevailing wage in the country where it operates; (6) must furnish to the Secretary of the Treasury or his delegate such information as is necessary with respect to the corporation in order to carry out the provisions of the income tax laws for the current taxable year and for prior taxable years which are affected by an election under this provision.

Provides that the gross income of a FBC shall be the sum of gross income from sources without less developed countries plus an amount subtracted from its reinvested foreign income account. Taxable income is deemed to be gross income less deductions hereunder. Defines "reinvested foreign income" as taxable income from sources in less developed countries. Requires the maintenance of a reinvested foreign income account, to which such income shall be added yearly. Treats subtractions from such account as last in, first out.

Subtractions from the reinvested foreign income account, which result in taxable income for the FBC, occur whenever distributions are made by the FBC to its stockholders, as well as when certain other transactions occur which are treated as distributions.

Treats as distributions; payroll and investments (over 10 percent) outside of less developed countries; holding of prohibited property; and certain loans to a parent corporation.

Provides a foreign tax credit (less certain taxes, but including deemed taxes) up to that proportion of such taxes as taxable income from sources within less developed countries bears to total taxable income.

Permits banks to treat their branches in less developed countries as FBC's (an elected branch).

Provides that these branch banks are to be treated as FBC's if they elect this treatment, derive 90 percent or more of their gross income from sources without the United States and derive 90 percent or more of their gross income from the active conduct of a trade or business. For this purpose commissions and interest and income and gains from loans and investments which are ordinary and necessary in carrying on a trade or business are considered as being from the active conduct of a trade or business.

Provides that these branch banks, under regulations, are to be treated in the same manner as if they were separate corporations except that under subchapter C of chapter I the special corporate rules relating to the contributions of property and to distributions are not to apply. Distributions received by banks from their branches are to be treated as dividends for which a 100-percent dividends-received deduction is available.

Provides that a bank in its first election with respect to branches may either treat a branch as if it were a separate FBC or combine it with branches in other countries. In any subsequent election with respect to a branch for which an election had not previously been made it can provide that that branch is to be treated as a separate unit or as a part of any existing combination of elective branches. However, any election with respect to operations in any country is to include in a single election all branches operating in that country.

Amends the personal holding company provisions of the code (sec. 543) to provide that under certain conditions this special 75- to 85-percent tax is not to apply with respect to dividend, interest, and royalty income received by a corporation which would otherwise be an FBC, and is not to make the corporation ineligible for FBC treatment.

Sets up three basic conditions which must be met before an FBC may be excused from the application of any personal holding company tax which otherwise might apply. First, the domestic parent corporation must not be a personal holding company nor, if its operations were combined with those of all of its subsidiaries, would the combination be a personal holding company. Second, the dividend, interest and royalty income which the FBC receives, in order to be excused from the application of the personal holding company tax, must be derived from another corporation in which the FBC has more than a 50-percent interest (or as close to this as is permitted by the laws of the foreign country in which the corporation operates). Third, this subsidiary corporation must receive 70 percent or more of its income from sources outside the United States and from the active conduct of a trade or business, giving assurance that most of the income will be from the foreign operations and from an active business enterprise.

Makes numerous technical amendments relating to transfers to foreign corporations and FBC's. Defines foreign business property, and exempts certain transfers from tax.

Self-Employed Individuals Tax Retirement Act of 1960 - Allows self-employed persons a deferment of tax on certain savings set aside for retirement. Requires such self-employed individuals cover any employees they may have. Limits such deferment to the smaller of 10 percent of the income or $2,500 per year. Permits retirement funds to be funded by trusts, or the purchase of annuity contracts or the purchase of nontransferable Government bonds which may not be cashed until age 60. Limits such plans to self-employed individuals who performs personal services. Sets forth penalties for excess contributions and a penalty tax for the premature distribution of the fund. Requires owner-employees who control more than one business to group all business activities for purposes of establishing self-employed retirement funds. Sets forth certain rules for taxing such retirement income and requirements for such owner-employee plans.

Narcotics Manufacturing Act - As the 1931 international convention for limiting the manufacture and regulating the distribution of narcotic drugs, entered into at Geneva, and the 1948 protocol entered into in 1950 are not self-executing, this Act serves as appropriate legislation whereby the obligations of the United States incurred by these conventions may be met.

Provides that the Secretary of the Treasury, through the proper procedure, must find that a drug falls within the definition of an "opiate", as defined in the Act, before official notification can be made to the Secretary General of the United Nations that the drug is considered liable to the same kind of abuse and is as harmful as those drugs specified in the 1931 convention.

Sets forth the procedure whereby the Secretary or his delegate may modify the list of basic narcotic drugs. Places certain restrictions on the manufacture of narcotic drugs.

Requires persons manufacturing narcotic drugs of the basic class to obtain a separate license for each basic class of narcotic drugs manufactured. Enumerates the conditions whereby licenses may be revoked or suspended, and provides for certain exceptions to the license requirement.

Establishes manufacturing quotas for basic classes of narcotic drugs, and prescribes regulations with respect to persons who manufacture narcotic precursors.

Permits judicial review of certain final decisions of the Secretary or his delegate.

Places added restrictions on the exportation of narcotic drugs; permits the importation of narcotic drugs for specific scientific purposes.

Deems violators of this Act to be guilty of a felony, and upon conviction, subject to a $10,000 fine, imprisonment for 5 years, or both.

Fixes penalties to be imposed upon persons making or assisting to make false or fraudulent statements in applications made pursuant to the Act at a fine of $2,000 and/or imprisonment of 1 year.

Civil Rights Act of 1960 - Punishes the use of threats or force to obstruct or interfere with the exercise of rights or the performance of duties under any Federal court order by $1,000 fine and/or one year imprisonment. Punishes interstate or foreign travel to avoid either prosecution for, or giving testimony concerning, damage or destruction of any building or other real or personal property by $5,000 fine and/or five years imprisonment. Punishes interstate or foreign transportation of any explosive with knowledge or intent that it will be used to damage or destroy any building used for certain objectives, or to intimidate persons pursuing such objectives, by $1,000 fine and/or one year imprisonment; and if injury results, by $10,000 fine and/or ten years imprisonment; and if death results, imprisonment for any term of years or for life, and if the jury so recommends, death. Creates a rebuttable presumption of transportation in commerce in cases of possession in such a manner as to evince an intent to use such explosive in violation hereof. Requires evidence independent and additional to such presumption for conviction hereunder. Punishes the use of communications in commerce to impart a threat or knowingly false information relating to an attempt to destroy a building by $1,000 fine and/or one year imprisonment.

Requires all election officers to preserve all records pertaining to elections to Federal office for twenty two months. Punishes violation by $1,000 fine and/or one year imprisonment. Similarly punishes destruction or theft of such records. Requires that such records be made available for inspection and copying by the Attorney General, upon his demand. Provides court enforcement of such demand.

Makes provision for free education of children of members of the Armed Forces in cases where no State or local agency is able to provide such education.

Requires Federal district courts, upon request by the Attorney General, to make a finding whether an alleged deprivation of voting rights on account of race or color in State or Federal elections was pursuant to pattern or practice. Entitles any person of such race living in the area said to be affected by such pattern or practice to an order declaring him qualified to vote, upon proof that he is qualified under State law, and has been denied the opportunity to register or qualify, or found not qualified by State registration officials. Directs the Attorney General to transmit copies of such orders to State election officials. Any State official with notice not permitting a person so declared qualified may be punished by contempt proceedings. Requires hearing of application for such order in 10 days, and prohibits stay of an order if such stay would delay the order past election day.

Authorizes the court to appoint officials called referees, who shall swear on oath, to serve for such term and at such compensation as the court may fix. Authorizes such referees to receive applications for orders and hold ex parte hearings thereon wherein the statement of the applicant as to his age, residence and prior attempts to register shall suffice. On such evidence, the registrar shall report to the court whether the applicant is qualified to vote. Provides for notice to the State attorney general upon receipt of such report, and transmittal of a copy of such report together with an order to show cause in ten days or less why an order should not be entered according to the report. Exceptions to the referee's report may be made only if supported by a public record or affidavit of persons with personal knowledge. Authorizes such exceptions to be referred back to the referee for review. The literacy and understanding of the applicant shall be determined solely on the basis of the referee's report.

School Assistance Act of 1960 - Declares it to be the purpose hereof to provide a 2-year program of Federal grants to the States to assist them in constructing urgently needed public elementary and secondary school facilities in local communities and for teachers' salaries. Assures against Federal interference in schools. Authorizes for fiscal years 1961 and 1962 an amount equal to 20 times the school age population of the United States.

Allots funds in any year among the States on the basis of relative school-age population as weighed by relative income per school-age child. Provides that the Commissioner of Education would allot to each State an amount which bears the same ratio to the funds appropriated for the year as the product of (1) the State's school-age population multiplied by (2) the State's allotment ratio, bears to the sum of the corresponding products for all the States.

Provides that for the second year of the program, the allotment of any State would be reduced by the percentage (if any) that the State's school-effort index is less than the national school-effort index. Reapportions the total of such reductions among the States not subject to such reductions by increasing proportionately the sum of the amounts originally apportioned to them for the year.

Requires a State education agency which desires to receive an allotment and payment hereunder to submit to the Commissioner of Education an application which provides: (a) assurance that the State education agency will be the sole administering agency for the funds received; (b) sets forth procedures to insure that funds will be allocated among projects within the States so that priority is given to local education agencies, which, in the judgment of the State education agency, have the greatest need for additional school facilities and which are least able to finance the cost of needed school facilities; (c) provides assurance that every applicant whose application for funds is denied will be given an opportunity for a hearing before the State education agency; (d) sets forth procedures for such fiscal control as may be necessary to assure proper distribution of funds hereunder; (e) specifies the proportion of its State allotment that will be expended for (1) the construction of school facilities and (2) for teachers' salaries; and (f) certifies that funds the State education agency specified for teachers' salaries will be distributed in accordance with this Act.

Provides that after the first year that allotments are made, a State, to receive payments for the following year, must have matched the Federal funds the State received under the Act in the previous year by having increased its expenditures for elementary and secondary education by an amount that is not less than the product of (a) the States share and (b) the expenditures for elementary and secondary education from State and local sources in the base school year 1959-1960 but provides that the State allotment shall be reduced by an amount equal to the sum by which the State fails to match the prescribed amount set forth in this section. Total of this reduction shall be realloted among the States proportionately.

Directs that funds received hereunder be distributed and expended not later than the end of the following fiscal year. Provides that any fund paid back to the Commissioner shall be realloted during the next fiscal year.

Makes applicable the provisions of the Davis-Bacon Act.

Emergency Home Ownership Act - Sets forth the finding that the policy of the FHA limiting mortgage insurance to commercial lenders prevents the effective operation of the program. Declares it to be the intent of the Congress that mortgage insurance be made available to individual lenders.

Provides discretionary authority for the Commissioner to reduce annual premium charges for mortgage insurance to one-fourth of 1 percent (now floor is one-half of 1 percent).

Makes aiding in the stability of the mortgage market one of the purposes of the Federal National Mortgage Association.

Permits during a 1-year period the purchase of any mortgage otherwise eligible and not in default by the FNMA (now mortgage may not be over 4 months old). Prohibits the association from disposing of any mortgage during such 1-year period except for cash. Prohibits disposition of mortgages at a price below the acquisition price during such period. Reduces to 1 percent during such period (amount of FNMA stock required to be purchased when selling a mortgage to the FNMA. Requires, during such period, the FNMA to pay not less than par for mortgages. Limits during such period the maximum fees imposed by FNMA to 1 percent (now has full discretion, regulations set fees at 1½ percent).

Clarifies the authority of FNMA to purchase mortgages on cooperative housing. Provides an additional $1 billion for the special assistance program. Directs such assistance to be channeled into areas where excessive mortgage discounts and credit shortages are creating especially severe problems

Creates a $50 million special assistance fund for the purchase of mortgages insured under section 203(i). Limits the purchase of any mortgage where a service charge (except origination fee) has been charged.

Creates a $25 million special assistance fund for the purchase of mortgages insured under the defense housing in impacted areas program.

Requires originating mortgagees under the FHA insured and V.A. loans to report fees paid in connection with mortgages or loans.

Extends the program of providing insurance for mortgages in areas not economically sound for employees of the National Aeronautics and Space Administration at research and development installations.

S. 2810. Messrs. Javits and Aiken; January 14, 1960 (Labor and Public Welfare).

National Emergency Labor Disputes Act of 1960 - Provides that when there is a labor dispute affecting an entire industry or substantial part thereof in the nature of a national emergency that the President would be authorized to appoint a Public factfinding board that would make recommendations for settlement after which a 30 day cooling off period would follow. If this is unsuccessful then President is authorized to declare a national emergency and direct the Attorney General to go to court and seek the appointment of a special receiver to operate the plant, mine, or other facility. Receiver would operate such facility to the extent deemed necessary to protect national health and safety, he would utilize the facility's regular management and production personnel and would maintain existing wages, hours, and conditions of employment. The Court may direct that adjustments be made while facility is in Government's possession within framework of recommendations made by the factfinding board. Ordinarily receiver will operate the facility for the account of the employer, unless employer exercised the option to request compensation for the temporary use of his facility. In such case, net proceeds of the operation would be turned over to the government and the employer would exercise his right to receive just, fair and reasonable payment as rental, taking into account the effect the labor dispute had on the rental value of the facility involved. Possession of the facility is restored to the employer on settlement of the dispute compatible with the national health and safety.

S. 2811. Mr. Magnuson (by request); January 14, 1960 (Interstate and Foreign Commerce).

Revises the law relating to Coast Guard personnel. Makes admiral (now vice admiral) the highest authorized grade, and increases the total number of officers by 500, to 3500. Social Security Amendments of 1960 - Declares that Congress finds the present old-age and survivors insurance benefits are inadequate for our older citizens and that it is in the interest of the general welfare for financial burdens resulting from hospitalization and nursing services of our older citizens to be relieved through old-age and survivors insurance.

Provides that any person is eligible for hospitalization and nursing insurance who is entitled to monthly benefits under the Federal old-age and survivors insurance program, including those entitled to disability benefits.

Payments for hospital services are limited to the first 90 days of hospitalization in any 12-month period. Payments for nursing home or home nursing services are made if the individual is transferred to the nursing home or to his home from the hospital, or from the nursing home to his home, and if the services are for an illness or condition associated with that for which he received hospital services. Combined hospitalization, nursing home, and home nursing services cannot exceed 120 days. However, 1½ days of nursing home service would be counted as 1 day for this purpose, and two home nursing visits are counted as 1 day for this purpose.

Hospital services are defined to include drugs and appliances furnished by the hospital, laboratory services, ambulance services, use of operating room, staff services, bed and board.

Nursing home services include nursing care, related medical and personal services, and bed and board in a home operated in connection with the hospital or in which nursing care and medical care are prescribed by or performed under the direction of persons licensed to practice medicine in the State.

Home nursing service is defined to mean professional nursing care furnished by a community-sponsored nursing service, under the direction of a doctor, or practical nurses under the direction of a community-sponsored nursing agency.

Diagnostic outpatient services mean hospital services furnished to an individual as an outpatient for a diagnosis of illness or injury.

Every person entitled to benefits under the act is given completely free choice of the hospital, nursing home, home nursing, or diagnostic outpatient hospital service he chooses.

Agreements may be made between any hospital, nursing home or nursing agency and the Federal old-age and survivors insurance trust fund for providing these services. The amount of payments under the agreement is determined on the basis of the reasonable cost incurred, or, in the case of a nursing agency, the fee for all patients receiving like services. The agreement shall preclude the hospital, nursing home or nursing agency from requiring additional payments from individuals.

No supervision or control over details of the administration or operation, or over the selection, tenure or compensation of personnel shall be exercised by the Government.

All information concerning an individual obtained from him by any physician, dentist, nurse, hospital, nursing home, or any other person, is confidential. Any violation of this provision is a misdemeanor punishable by fine or imprisonment, or both.

Provision is made for not duplicating any of the benefits under this act and benefits received under workmen's compensation.

In administering this act, the Secretary of Health, Education, and Welfare shall establish a National Advisory Health Council consisting of the Commissioner of Social Security and eight others. Four of the eight shall be from fields pertaining to hospitals and health activities and the other four shall represent consumers. This Council shall advise the Secretary in the administration of the act.

In carrying out the act, the Secretary is authorized to utilize the services of private nonprofit organizations which either represent qualified providers of hospital or nursing services or operate voluntary insurance plans.

The Internal Revenue Code is amended to provide for an increase in the taxes of self-employed individuals of three-eighths of 1 percent, an increase in taxes upon employees of one-fourth of 1 percent, and an increase upon the taxes of employers of one-fourth of 1 percent of wages.

Requires such policies to contain $100 deductible uninsured motorist coverage. Authorizes policy provisions permitting arbitration of claims under uninsured motorists coverage, and provides for subrogation of an insurer paying any such claim.

Requires a qualified person claiming against the Motor Vehicle Indemnification Fund for damages by an uninsured or unidentified motorist to comply with the reporting requirements of the Motor Vehicle Safety Responsibility Act and to give notice of intent to claim within 90 days. Such notice shall be accompanied by proof that the claimant was not the owner of an involved uninsured vehicle, and proof of damages. Authorizes investigation and settlement of claims by the Commissioners.

In cases where the claimant is suing an owner or operator, he shall also serve a copy of the complaint with the required notice. Authorizes the Commissioners to appear and defend such suit, and require cooperation from the defendant under penalty of fine and imprisonment. Authorizes settlement of such suits through the fund, if the defendant confesses judgment and agrees to repay the fund. Authorizes payment from the fund to a successful plaintiff upon showing that such payment is his sole relief, and he has assigned his judgment to the Commissioners. Limits payments to the amount of insurance policy minimum limits as above.

Authorizes actions against the Commissioners in unauthorized use and hit and run cases, and subrogates the Commissioners to the cause of action. Provides for suspension of license and registration until the fund is repaid. Prohibits transfers of vehicles to evade the Act, false statements, operation of uninsured vehicle without payment of fees, or operation without license and registration. Sets uninsured vehicle fees at $15, and provides for subsequent readjustment of fees as a result of experience.

Constitutional Amendment - Provides that the nominees for President for each political party be nominated in primary elections held in the several States. Congress shall by law prescribe the time (which shall be the same throughout the United States) place, and manner of holding such primary elections. Each qualified political party in a State shall be credited with such proportions of his party's nominating votes in such State as he receives of the total popular vote of his party therein for President. Requires that in case of death or resignation, prior to the election of the nominee of any political party for President, the national committee of such party shall designate a successor, but in choosing such successor the vote shall be taken by the States, the delegation from each State having one vote.

Abolishes the electoral college system of electing the President and Vice President and provides that they be elected by the people of the several States and their choice for such offices shall be determined at a general election held in each State. Entitles each State to a number of electoral votes equal to the number of members it is entitled in the House and the Senate. Each person for whom votes are cast for President in each State shall be credited with such proportion of the electoral votes thereof as he received of the total vote of the electors therein for President. The person having the greatest number of electoral votes for President and Vice President shall be the President and Vice President, if such numbers be at least 40 percent of the whole number of electoral votes. Sets up the procedure for the determination of the President and Vice President if no person has received at least 40 percent of electoral votes. Such determination shall be by a majority vote of the combined membership of the House and the Senate.

Provides that whenever the powers and duties of the office of President shall devolve upon the Vice President or upon one of the persons designated by the Congress to act as President in the absence of a Vice President, and the date of the next general election for Senators and Representatives in Congress to be held more than 90 days after such powers and duties shall have so devolved is at least two years prior to the date on which the next regular quadrennial election for President is to be held, a special election shall be held in the several States for the purpose of choosing a President and Vice President. Provides that this article shall take effect two years following ratification.

H. R. 9502. Mr. McDowell; January 11, 1960
(Armed Services).

In order to provide small business concerns a greater competitive distribution of the economic benefits flowing from preparing the Nations's defense and to improve the opportunities for such concerns to participate as subcontractors in Government procurement, adds certain subcontracting requirements to the general procurement provisions of title 10 United States Code.

Makes these new requirements applicable to a Defense Department purchase or contract involving the expenditure of $1,000,000 or more.

Prohibits Defense Department agencies from furnishing tools, equipment, etc., to contractors until it has been determined by the contracting officer of that agency, after consultation with the Small Business Administration, that such property will not duplicate facilities existing in plants of any other business firm which is qualified to produce the article or render the service for which that property is to be furnished.

Where government property is furnished, requires the contractor to pay a deposit to the procuring agency, such sum to be equal to the fair market rental value of the property for the period during which it is to be used. Specifically prohibits the contractor from including the deposit sum in the computation of costs payable to him for the contract performance.

Requires the Defense agencies, upon entering into procurement negotiations with one or more firms or organizations, to notify the Small Business Administration promptly. Requires firms or organizations making proposals to specify with such particularity as the Secretary of Defense shall prescribe by regulations (A) the major items components, sub-assemblies, and parts which that firm or organization proposes to produce through the use of its own productive facilities; (b) the major items, components, sub-assemblies and parts which that firm or organization proposes to purchase from other firms and organizations through the execution of subcontracts; and (C) the identity of each other firm or organization from which such firm or organization intends to solicit subcontract proposals. Makes other requirements relative to information and reports to be furnished the Small Business Administration.

Grants priority, where two or more prime contractors whose submitted proposals are approximately equal, to those firms and organization who have complied effectively with the provisions of the program established hereunder.

Requires contractors to submit written reports to the procuring agency as to each purchase made incident to the performance of a contract for a consideration less than $10,000 from a small business organization; each purchase of $10,000 or over from (A) any small business organization, and (B) from any other firm or organization; and the extent the contractor obtained effective competition among firms and organizations.

Makes other provisions relative to subcontracting requirements [amending U. S. C. 10:ch. 137]

H. R. 9503. Mr. McDowell; January 11, 1960

Places subcontractors under the provisions of the Small Business Act of 1958; use, however, of subcontractors to be permissive not mandatory.

Clarifies the section of the Act dealing with certification of small-business concerns by eliminating the present competency requirement with respect to "capacity and credit" and requiring instead that the concern simply be "qualified" as a government contractor.

Allows a Small Business Representative to review contracts in the initial stages of negotiation and award.

Requires the Secretary of Commerce to publish daily in the "United States Department of Commerce Synopsis of the United States Government Proposed Procurement, Sales and Contract Awards" all proposed defense procurement actions of $10,000 or over and all civilian procurement actions of $1,000 and over with the exception of contracts involving perishables and classified material [amending Public Law 85-536].

Design Protection Act of 1960 - Permits the author of an original ornamental design to secure protection for a limited time against unauthorized copying of the design.

Enumerates the types of designs which are not subject to the protection of the Act, i.e., a design that is staple or commonly known or that is in the public domain, However, grants protection notwithstanding the employment of subject matter in the public domain where there has been a substantial revision, adaptation or rearrangement of said subject matter.

Provides design protection from the date when the design is first made known for a term of 5 years thereafter.

Requires designers seeking protection under the Act to mark the design with a notice consisting of the following 3 elements.

(1) the words "Protected Design", the abbreviation "Prot'd. Des." or the letter "D" within a circle; (2) the year of the date on which the design was first made known, and (3) the name of the proprietor.

Provides that the omission of the notice shall not cause loss of protection once written notice of the design protection has been given, with proviso.

Sets forth what constitutes an infringement of a protected design.

Requires applicants seeking protection to register with the Administrator within 6 months after the date on which the design was first made known. Sets forth matter required to be given in application and the form in which such application shall be submitted.

Authorizes the Administrator to determine whether the design, on its face, is a design not subject to protection under the Act. Permits an applicant who has been refused protection to request reconsideration of his application, such request to be made within 3 months of the original rejection.

Directs the issuance of certificates of registration in those instances where design protection is to be given. Requires the Administrator to periodically publish announcements of his intention or refusal to register designs, as well as to maintain a public file of registered designs.

Makes other provisions relative to regulations, fees, copies of records, corrections of certificates, transfer of registration, remedy for infringement, penalties for false marking, etc.

School Construction Act of 1960 - Authorizes the Commissioner of Education to purchase obligations of local educational agencies during the four fiscal years beginning July 1, 1960, to assist such agencies in financing the construction of school facilities where other financing on reasonable terms is unavailable. Provides conditions to purchase and terms for repayment of such obligations but requires the same to be repaid within thirty years. Authorizes an aggregate of $750,000,000 for the four fiscal years for the purchase of such obligations.

Authorizes the Commissioner of Education to enter into agreements on behalf of the United States with State school-financing agencies for making advances to reserve funds established by such agencies to help assure payment of obligations issued to finance the construction of school facilities for use by local educational agencies. Directs that an agreement pursuant thereto shall provide that the State school-financing agency shall establish and thereafter maintain a basic reserve fund and a supplemental reserve fund with respect to each issue of obligations. Requires the State to deposit in such reserve fund before delivery of any obligations to the purchasers thereof an amount equal to one-half of the maximum annual debt service on such obligations, and requires the Federal Government to make an advance of an equal amount. Authorizes for the fiscal year beginning July 1, 1959, and the next three fiscal years, $150,000,000 to provide initial payments for basic reserve fund.

Authorizes $325,000,000 for the fiscal year beginning July 1, 1959, and the three succeeding fiscal years for making payments to State educational agencies. Provides that the funds appropriated pursuant hereto shall be allotted among the States on the basis of the income per child of school age, the school-age population, and effort for school purposes of the respective States.

Authorizes $20,000,000 for the period beginning July 1, 1960 through July 1, 1963, for grants to the States to assist them in meeting their administrative expenses in the development and initiation of State programs designed to increase public-school construction and promote efficiency in such construction. Sets the minimum allotment to any State at $25,000. Directs that the Commissioner shall pay to each State 50 percent of the State's administrative expenses in the development of any State program for increasing construction of school facilities or promoting greater efficiency in planning or financing the construction of such facilities or in the initiation of such facilities.

Defines terms used in the Act, provides for judicial review, and establishes various general administrative requirements. Prohibits Federal interference with regard to personnel, curriculum, and programs of instruction of our public schools.

Title II - Quota System. Special Provisions for Emergency Immigration Quota.

Modernizes the quota system and establishes a numerical limitation upon the basis of 1/6 of 1 percent of the most recent population census. Provides for the allocation of the quota without regard to race, national origin, color, or creed. Directs that the quota be allocated so as to reunite families, to bring needed skills to the United States, and to accord asylum to refugees.

Eliminates a limitation on orphans quota. Provides that on December 31 of any calendar year, any number of quota immigrant visas allocated to any group or assigned to any nation which remains unused shall be allocated to the Newcomer Group, i.e., the group including immigrants which do not come within any preference groups.

Title III - Immigration and Deportation. Broadens the list of excludible aliens to include an alien who is seeking entry to engage in activities prejudicial to the United States, who has been convicted of violating narcotic laws; who would actually displace an American worker; who has been convicted of a crime involving moral turpitude, or against whom there remains open and undisposed of a charge of such crime; who has advocated or taught, or been affiliated with any organization which advocates or teaches subversive doctrine, unless such activities were terminated at least 5 years prior to the application for admission and the admission would not be against the public interest; and who has aided illegal entries.

Prohibits the exclusion of an alien without an opportunity for a hearing. Permits the Commission to exempt certain aliens for deportation notwithstanding their ineligibility for admission. Permits the Commission to admit nonimmigrant aliens into the United States for a temporary period, unless otherwise becoming eligible for admission.

Prohibits the deportation of an alien (1) lawfully admitted for residence prior to his 14th birthday, (2) who has lived in the United States for 15 years or more, other than as a nonimmigrant or as a fugitive from a criminal charge, the conviction on which would be a ground for deportation; or (3) for an act or omission to act or a criminal conviction which occurred more than 7 years prior to the issuance of the warrant for his arrest in a deportation proceedings.

Permits aliens who are to be deported to select the country to which they wish to go, if the country in question will receive them, unless the choice be prejudicial to the interests of the United States. Where the alien cannot produce his acceptance by a country of his own choosing, requires the Commission to arrange the deportation.

Title IV - Citizenship and Naturalization. Broadens the category of citizens at birth and abolishes the distinction between citizens and nationals.

Provides general requirements for naturalization and requires that the petitioner have an understanding of the English language, including the ability to read and speak it; have a knowledge and understanding of the fundamental history, principles, and form of government of the United States; have been a resident of the United States for 5 years prior to filing petition; and to be a person of good moral character, attached to the principles of the Constitution, and well disposed to the good order and happiness of the United States.

Permits, among other categories, the following groups of persons to be naturalized; (1) spouses of American citizens; (2) alien child under 18 years of age, where one or both parents are citizens; (3) alien child of naturalized parents; (4) alien children adopted by United States citizens; (5) certain former citizens of the United States who lost citizenship by marriage to an alien may regain citizenship by naturalization under certain conditions; (6) former citizens of the United States who lost their citizenship because of military service in a foreign country.

Establishes statutory review procedure in all cases involving loss of citizenship, deportation, exclusion, and denial of visas. Provides reasonable standards for exclusion and deportation of aliens and for loss of citizenship.

Eliminates the statutory discriminations between native-born and naturalized citizens. Provides that a naturalized person acquiring citizenship in good faith shall have the same right to travel and stay abroad as a native-born citizen.

Provides reasonable standards for exclusion and deportation of aliens and for loss of citizenship.

Title V - Miscellaneous. Establishes a joint congressional committee to be known as the Joint Committee on Immigration and Citizenship Policy, composed of 14 members, whose duty it shall be to make a continuous study of (1) the administration of this Act, and its effect on the foreign policy, national security, the economy and the social welfare of, and labor condition in, the United States, and (2) such conditions within or without the United States which in the opinion of the committee might have any bearing on the immigration and citizenship policy of the United States. Requires the Committee to make periodic reports to the Congress concerning the results of its studies.

Authorizes the Secretary of State to provide for interchanges on a reciprocal basis between the United States and other countries, of students, trainees, teachers, guest instructors, etc.; such persons to be admitted as nonimmigrants for such time and under such conditions as may be prescribed by regulations promulgated by the Secretary and the Immigration and Naturalization Commission.

Requires Congressional approval for programs which have an annual cost in excess of a certain sum.

Provides that any national marketing quota or other adjustment program shall be that which will supply estimated foreign and domestic markets at a fair price, with due allowance for carryover, payments to producers in kind, and 10 percent of CCC stocks. Requires that any program effectuated shall establish procedures for balancing supply and demand; establish regulations for adjusting quotas among States, counties, and producers; and utilize any necessary alternative income stabilization methods in order to achieve fair price objectives at the lowest possible cost to consumers and taxpayers. Prohibits the inclusion of any provision which will result in Government acquisition or storage of commodities, payments to an individual farm operator in excess of a specified sum, or which will cost the United States more than 5 percent of the annual sales of that commodity. Continues present supports, etc., until replaced with programs hereunder.

Requires the Secretary of Health, Education, and Welfare to undertake a program of distribution of protein food to the needy, to institutions, and through the school lunch program. Authorizes purchases of products not in CCC stocks, and on the local market. Authorizes $500,000,000 annually for such purposes. Authorizes sales of 10 percent per annum of CCC grain stocks for use as feed, at fair prices.

Requires the Secretary of Agriculture to expand the national base for soil-building crops and practices. Requires a producer, as a condition of any program payments, to designate certain portions of his farm as a soil-building base, and to establish and maintain protective vegetative cover on such base for not less than 3 years. Authorizes the Secretary to bear part of the cost of soil-building crops and practices, and to make payments in kind at two-thirds of the normal yield per acre on Government-rented land.

H. R. 10625. Mr. McCulloch; February 23, 1960 (Judiciary).

Requires Federal district courts, upon request by the Attorney General, to make a finding whether an alleged deprivation of voting rights on account of race or color in State or Federal elections was pursuant to pattern or practice. Entitles any person of such race living in the area said to be affected by such pattern or practice to an order declaring him qualified to vote, upon proof that he is qualified under State law, and has been denied the opportunity to register or qualify, or found not qualified by State registration officials. Directs the Attorney General to transmit copies of such orders to State election officials. Any State official with notice not permitting a person so declared qualified may be punished by contempt proceedings. Requires hearing of application for such order in 10 days, and prohibits stay of an order if such stay would delay the order past election day.

Authorizes the court to appoint officials called referees, to serve for such term and at such compensation as the court may fix. Authorizes such referees to receive applications for orders and hold ex parte hearings thereon, wherein the statement of the applicant as to his age, residence and prior attempts to register shall suffice. On such evidence, the registrar shall report to the court whether the applicant is qualified to vote. Provides for notice to the State attorney general upon receipt of such report, and transmittal of a copy of such report together with an order to show cause in ten days or less why an order should not be entered according to the report. Exceptions to the referee's report may be made only if supported by a public record or affidavit of persons with personal knowledge. Authorizes such exceptions to be referred back to the referee for review. The literacy and understanding of the applicant shall be determined solely on the basis of the referee's report.

Authorizes the referee to supervise elections, and confers upon him the powers of a master. Permits suits against a State in the event of resignation of State officials without appointment of successors.

School Assistance Act of 1960 - Declares it to be the purpose hereof to provide a

2-year program of Federal grants to the States to assist them in constructing urgently needed public elementary and secondary school facilities in local communities. Authorizes $20 times the school age population a year for making payments to State educational agencies for fiscal years 1960 and 1961. Allots funds in any year among the States on the basis of relative school-age population as weighed by relative income per school-age child. Provides that the Commissioner of Education would allot to each State an amount which bears the same ratio to the funds appropriated for the year as the product of (1) the State's school-age population multiplied by (2) the State's allotment ratio, bears to the sum of the corresponding products for all the States.

Provides that for the second year of the program, the allotment of any State would be reduced by the percentage (if any) that the State's school-effort index is less than the national school-effort index. Reapportions the total of such reductions among the States not subject to such reductions by increasing proportionately the sum of the amounts originally apportioned to them for the year.

Requires a State education agency which desires to receive an allotment and payment hereunder to submit to the Commissioner of Education an application which provides: (a) assurance that the State education agency will be the sole administering agency for the funds received; (b) sets forth procedures to insure that funds will be allocated among projects within the States so that priority is given to local education agencies, which, in the judgment of the State education agency, have the greatest need for additional school facilities and which are least able to finance the cost of needed school facilities; (c) provides assurance that every applicant whose application for funds is denied will be given an opportunity for a hearing before the State education agency; (d) sets forth procedures for such fiscal control as may be necessary to assure proper distribution of funds hereunder.

Provides that a State education agency may allocate funds received hereunder to a project only if this amount plus any other amounts previously allocated hereunder does not exceed the Federal share for such State of the sum of (1) the cost of constructing the project in question and (2) the total cost of constructing the projects for which such other allocations have been made. Requires the State education agency to determine that the cost of constructing the project in question will be paid out of funds other than those they received under Federal grants for school construction.

Directs that funds received hereunder be distributed and expended not later than the end of the following fiscal year. Provides that any funds paid back to the Commissioner shall be realloted during the next fiscal year.

Makes applicable the provisions of the Davis-Bacon Act.

Federal Enrollment Officer Act of 1960 - Requires (1) the Attorney General upon a Federal Court finding that State or local officials have deprived persons the right to register or vote in an election or (2) the Civil Rights Commission, upon making the same finding as in (1), to notify the President of such finding.

Authorizes the President to establish a Federal Enrollment Office in each district for which such finding has been made and to appoint one or more Federal Enrollment Officers for the district. Requires the President to abolish an Enrollment Office, where he determines there is no further need for same.

Permits the President to delay the appointment of Federal Enrollment Officers in order to permit prompt and continuous good faith efforts by State and local officials to terminate in an affected area deprivation of the right to vote on account of race or color.

Provides that an Enrollment Officer for any registration district shall accept enrollment applications for those persons who have been denied the right to register or vote where the officer finds that the applicant meets the State requirements of a qualified voter, provides that the officer shall enroll the applicant as qualified to vote in all elections held in the district.

Requires the Enrollment Officer to periodically transmit to the proper State or local official all information necessary to identify the persons who have been enrolled by him.

Provides that each qualified voter who is enrolled by an Enrollment Officer shall have the right to vote, and to have such vote counted, in primary and general elections held in his registration district.

Provides that nothing contained in the Act shall be construed to deny State officials, or other interested persons, the right to challenge the eligibility of persons enrolled to vote.

If a challenge is made, permits an enrollee to vote and have it counted - but the vote shall be preserved subject to a determination of the validity of the challenge in any appropriate Federal court action.

Permits enrollment officers to attend elections and inspect the taking and counting of votes.

Provides for enforceability of this Act by appropriate civil and equitable proceedings in the Federal District Courts.

Makes criminal contempt actions arising under this Act punishable by a fine not exceeding $1,000 and/or imprisonment not to exceed 6 months. In the discretion of the judge this action may be tried with or without a jury - except if the court fines the defendant more than $300 or sentence him to more than 45 days in jail, the accused may demand a trial de novo before a jury.

Makes the aforesaid inapplicable in the case of contempts committed in the presence of the court.

(Judiciary).

Immigration and Citizenship Act of 1959 - Provides for a general revision of the immigration, naturalization, nationality, and citizenship laws, and repeals the Immigration and Nationality Act (66 Stat. 163).

Title I (General) - Establishes in the Department of Justice the Bureau of Immigration and Citizenship to be headed by a Deputy Attorney General, with the title of the "Director of the Bureau of Immigration and Citizenship". Provides that the Director

560228 O - 60 - 7E

shall, except as otherwise provided in this Act, appoint and prescribe the duties of all other employees and officers that may be necessary for the efficient administration of this Act. Authorizes the Director to (1) perform such acts, conduct such investigations, make such orders, and to issue such rules and regulations as are appropriate to carry out the provisions of this Act; (2) make studies of all phases of immigration and naturalization and international migration and to make and publish reports with respect to any matters within the scope of this Act, etc. Further sets out the powers and duties of such Director, and of the Bureau officers and employees.

Creates a 9-member Board of Immigration Appeals, appointed for 9-year terms by the President with Senate approval, to review all petitions for determinations relating to visas, rules and regulations of the Board, and provisions and regulations of this Act.

Provides that the provisions of the Administrative Procedure Act shall apply to administrative procedure and judicial review under this Act unless otherwise provided. All final orders of the Board, except visa denials, shall be subject to limited review by a United States court of appeals.

Title II (Quota System)-- Limits the number of quota immigrant visas to be issued in any fiscal year to 250,000. Establishes the following class groups to whom quota visas shall be allocated in a fiscal year; (1) Family Unification (50 percent); (2) Occupational (20 percent); (3) Refugee Asylum (20 percent); (4) National Interest (20 percent); (5) Resettlement (20 percent). Limits the number of quota immigrant visas allocated to each of such classes to be issued to inhabitants of any independent country or a dependent area in any fiscal year to 15 percent. Provides that the allocation of the annual quota immigrant visas to the several classes of quota immigrants shall be made by the President upon the consideration by him of a joint report submitted annually by the Secretary of State, the Attorney General, the Secretary of Commerce, and the Secretary of Labor. Sets out the procedure for the annual allocation of quota immigrant visas. Defines the persons to be included in the above five classes. Provides that the President may reduce, or postpone from year to year the number of quota immigrant visas then allocated to any or all of the groups listed without regard to such percentage limitations during a national emergency declared by the President or by the Congress.

Title III (Immigration and Deportation) - Broadens the list of excludible aliens to include an alien who is seeking entry to engage in activities prejudicial to the United States, who has been convicted of violating narcotics laws, who would actually displace an American worker, who has been convicted of a crime involving moral turpitude, or against whom there remains open and undisposed of a charge of such a crime, who has advocated or taught, or been affiliated with any organization which advocates or teaches subversive doctrine, unless such activities. were terminated at least 5 years prior to the application for admission and the admission would not be against the public interest, and who has aided illegal entries, etc.

Assures admission to an alien issued a visa or reentry permit, unless one of several contingencies occurs: the visa or reentry permit was procured by fraud, new evidence indicates that the alien was not entitled to the document, the alien was a stowaway, etc. Requires the examination and inspection of all arriving aliens, other than those who are not excludible, and the prompt deportation of those not entitled to admission. Provides that aliens lawfully admitted shall be deported if they obtained admission through fraud, entered without inspection, violated a condition of admission, become public charges within 5 years after admission for reasons not arising after admission, are convicted of a crime involving moral turpitude within 5 years after entry and sentenced and confined for one year, are sentenced more than once for such crimes within 10 years after entry, convicted at any time after entry of any crime involving commercialized vice or narcotic traffic, or, within 5 years prior to the issuance of a warrant of arrest in deportation proceedings, advocated or taught or were affiliated with organizations which advocated or taught subversive doctrines. However, such an exclusion or deportation may be effected only after a hearing and only on the basis of the record adduced at the hearing.

Prohibits the deportation of an alien (1) lawfully admitted for residence prior to his 14th birthday, (2) who has lived in the United States for 20 years or more other than as a nonimmigrant or a fugitive from a criminal charge, the conviction of which would be a ground for deportation, or (3) for an act or omission to act or a criminal conviction which occurred more than ten years prior to the issuance of the warrant for arrest in a deportation proceeding.

Permits aliens who are to be deported to select the country to which they wish to go, if the country in question will receive them, unless the choice will be prejudicial to the interests of the United States. If the alien cannot produce his acceptance by a country of his own choosing, the Director will arrange the deportation. Prohibits the deportation of an alien to any nation in which he would be subjected to persecution because of his race, religion, or political beliefs.

Subjects alien crewmen to immigration laws governing issuance of visas, admission, exclusion and deportation of aliens generally.

Requires the registration of every alien 16 years or older, or if under 16, his registration by his parent or guardian, who remains in the United States for 30 days or more. Requires registered aliens within the United States on January 1 of any year to notify the Attorney General of his current address and any other additional information required. Registered aliens shall also notify the Director of any change of address within 30 days after the change is made. Any willful failure or refusal to comply with these registration requirements, or any fraudulent compliance shall be subject to criminal penalties. Establishes in the office of the Bureau a central index of aliens admitted into or excluded from the United States, and makes available to the Bureau any records of any agency as to the identity and location of any aliens in the United States.

Title IV (Citizenship and Naturalization) - Broadens the category of citizens at birth and abolishes the distinction between citizens and nationals. Provides general requirements for naturalization and requires that the petitioner have an understanding of the English language, including

the ability to read and speak it, with exceptions, have a knowledge and understanding of the fundamental history, principles, and form of government of the United States, have been a resident of the United States for 5 years prior to filing the petition, with certain exceptions, and be a person of good moral character, attached to the principles of the Constitution, and well disposed to the good order and happiness of the United States.

Extends the list of persons ineligible for naturalization to include an alien who within 5 years prior to filing petitions, or at any time subsequent thereto, advocated or taught or was affiliated with any organization which advocated or taught subversive doctrine, and, an alien who applied for and was granted an exemption or discharge from the armed services of the United States or the National Security Training Corps, on the ground that he was an alien.

Provides that an alien who resides in the United States for one year following his lawful admission shall be considered as permanently residing in the United States notwithstanding temporary absences to perform bona fide religious functions, or services for the United States Government, a public international organization of which the United States is a member, an American research institution or philanthropic agency, or certain American corporations.

Permits the spouse of a citizen to be naturalized after one year of residence and permits children (including adopted children) under the age of 18 to apply for derivative citizenship.

Provides procedure for naturalization and the revocation of such naturalization, and authorizes the cancellation of naturalization where it appears to the Commission that naturalization was obtained illegally or fraudulently, but prohibits the institution of a revocation proceeding more than ten years after the naturalization order was issued.

Limits the causes for loss of citizenship to (1) renunciation of United States citizenship, (2) obtaining naturalization in a foreign country, (3) desertion in time of war; (4) leaving the country to avoid military service, (5) conviction for treason, or (6) attempting to overthrow the United States Government by force of arms, etc.

Permits a person with respect to whose citizenship the United States has raised a substantial doubt, to institute a suit for a declaratory judgment as to his citizenship. Requires the Director, if such person is outside the United States and the court finds that the suit was instituted in good faith and has a substantial basis, to issue a certificate of identity to allow such person to enter the United States to prosecute his suit.

Title V (Miscellaneous)- Establishes a 14-member Joint Committee on Immigration and Naturalization Policy composed of members of the Judiciary, Foreign Relations, and Labor and Public Welfare Committees of the Senate, and members of the Judiciary, Foreign Affairs, and Education and Labor Committees of the House of Representatives. The Joint Committee shall make a continuous study of the administration of this Act, and its effect on the foreign policy, national security, the economy and social welfare of, and labor conditions in, the United States and such other conditions, within and without the United States, having a bearing on the immigration and the citizenship policy of the United States. Makes other technical amendments.

H. R. 11083. Mr. Gilbert; March 11, 1960 (Judiciary).

Federal Anti-lynching Act - The assemblage of two or more persons which shall, without authority of law, (1) commit violence upon the person of any citizen because of his race, creed, color, national origin, ancestry, language, or religion, or (2) exercise by physical violence, any power of correction over any person in the custody of a peace officer or suspected of, charged with, or convicted of the commission of any criminal offense, with the purpose or consequence of preventing the apprehension or trial or punishment by law of such person, or of imposing a punishment not authorized by law, shall constitute lynching. The maximum penalty for aiding or committing a lynching is $10,000 fine and/or 20 years imprisonment. A State or local officer failing through neglect, etc., to prevent a lynching, or to apprehend or prosecute any member of a lynching mob, shall be punished by a $5,000 fine and/or 5 years imprisonment. Any governmental subdivision failing through neglect, etc., to prevent a lynching, or a seizure and abduction followed elsewhere by a lynching, shall be liable for $2,000 to $10,000 in damages recoverable in a civil action by the claimant or by the United States in his behalf. The interstate transportation of persons with a view to lynching is made subject to the penalties provided in the Lindbergh kidnapping law (i.e., death or imprisonment).

H. R. 11122. Mr. Frelinghuysen; March 11, 1960 (Education and Labor).

School Construction Assistance Act of 1960 - Authorizes a five-year program of assistance to needy school districts in meeting debt service on bonds or other obligations issued to finance construction of urgently needed elementary or secondary public school facilities. Provides this assistance in the form of Federal advances to pay one-half the annual debt service on such bonds, with the State's advancing the other half.

Prohibits Federal interference with the personnel, curriculum, or program of any school.

Limits the total allocation among the States to $600,000,000 a year. Allocates the assistance to the States on the basis of the following factors; (1) relative State income per child of school age; (2) relative number of public school children; and (3) relative State effort for school purposes. Requires the allocations to be promulgated as soon as possible after enactment and again in the third calendar quarter of 1962. Provides special provisions for Alaska prior to the time satisfactory per capita income data are available for it.

For participation, requires a State to submit a plan which provides for administration of the program by the State educational agency. Requires the plan to provide for limiting the Federal advances to local agencies which undertake to exert a reasonable tax effort in financing their school construction needs, and which would then be unable to finance the buildings they need. Federal advances must also be limited to bonds issued to finance the construction of urgently needed schools.

Requires the plan to set forth standards and procedures for determining a reasonable tax effort for each applicant local educational agency. Such plans would provide for the establishment of State standards for planning and construction of school facilities, for affording an opportunity for a hearing to unsuccessful project applicants, and for making reports to the Commissioner of Education needed to administer the Act.

Requires the Federal obligations in such programs to mature in 20 to 30 years with the first payment due before the end of the third year after issuance.

Prohibits a Federal debt service commitment unless the State makes an equal commitment. Gives the States exclusive responsibility for school construction financing.

Prohibits the Commissioner from making a Federal commitment except upon the assurance that labor standards, relating to payment of prevailing wages and overtime pay for work in excess of 40 hours per week or 8 hours per day, will be observed in such construction. Authorizes the Commissioner of education to waive or compromise claims under the Act. Gives Federal courts jurisdiction to enforce undertakings of the Commissioner under the Act.

Family Farm Income Act of 1960 - Declares the policy of Congress to be the protection of the family system of agriculture against collectivization in any form. Expands the list of commodities to which orders regulating handling are applicable. Requires the Secretary of Agriculture to give technical assistance to producers in preparing for hearings on such orders. Authorizes such orders establishing standards for contracts with existing firms engaged in marketing or processing. Authorizes national application of such orders, with appointive representation of each marketing area, and such different terms for different areas as necessary. Terminates the foregoing provisions December 31, 1965.

Creates a national commodity stabilization program, whereby the Secretary, whenever the supply of a commodity would exceed the estimated demand so as to threaten seriously farm income, may provide for the election of a farm program development committee from representative producers of such commodity. Requires division of the United States into not less

than nine districts, for purposes of such representation. Requires each committee to develop and recommend to the Secretary a proposed national stabilization program for the commodity involved. Requires the Secretary to conduct a referendum of producers, with a two-thirds majority required to effectuate such program. Requires Congressional approval for programs which have an annual cost in excess of a certain sum.

Provides that any national marketing quota or other adjustment program shall be that which will supply estimated foreign and domestic markets at a fair price, with due allowance for carryover, payments to producers in kind, and 10 percent of CCC stocks. Requires that any program effectuated shall establish procedures for balancing supply and demand; establish regulations for adjusting quotas among States, counties, and producers; and utilize any necessary alternative income stabilization methods in order to achieve fair price objectives at the lowest possible cost to consumers and taxpayers. Prohibits the inclusion of any provision which will result in Government acquisition or storage of commodities, payments to an individual farm operator in excess of a specified sum, or which will cost the United States more than 5 percent of the annual sales of that commodity. Continues present supports, etc., until replaced with programs hereunder.

Requires the Secretary of Health, Education, and Welfare to undertake a program of distribution of protein food to the needy, to institutions, and through the school lunch program. Authorizes purchases of products not in CCC stocks, and on the local market. Authorizes $500,000,000 annually for such purposes. Authorizes sales of 10 percent per annum of CCC grain stocks for use as feed, at fair prices.

Requires the Secretary of Agriculture to expand the national base for soil-building crops and practices. Requires a producer, as a condition of any program payments, to designate certain portions of his farm as a soil-building base, and to establish and maintain protective vegetative cover on such base for not less than 3 years. Authorizes the Secretary to bear part of the cost of soil-building crops and practices, and to make payments in kind at two-thirds of the normal yield per acre on Government-rented land.

Wheat Marketing Act of 1960 - Establishes a new agricultural program for wheat. Requires the Secretary of Agriculture to establish a national wheat requirement for primary use based on estimates of the amount which will be (1) consumed as human food; (2)processed into food products and exported and (3) exported during the marketing year.

Provides for the apportionment of national wheat requirements for primary use among the several States (less a reserve not to exceed 1 percent) on the basis of acreage seeded for primary use wheat during the preceding 10 years and the average yield.

Provides for the reserve to be used to make increases on the basis of need for additional shares.

Prohibits uses of wheat not certified to be primary-use wheat for export or for processing into food products. Sets forfeiture for violations at 3 times the number of bushels involved in the violation.

To be eligible for participation in the program a wheat producer is required to place a portion of his base acreage in a land retirement soil conservation program. Excludes from regulation wheat produced for secondary use (not for human consumption, processed into food products, or export).

Provides price support beginning with the 1961 crop of wheat at a level not less than 75 percent of parity on amounts of the national wheat requirement for primary use.

H. R. 11477. Mr. Porter; March 30, 1960
(Education and Labor).

Amends the Labor-Management Relations Act, 1947 to provide that the NLRB may decline to accept jurisdiction over labor controversies when it determines the effect on commerce is insufficient to warrant exercise of jurisdiction; provides for the Board to establish standards substantially in accord with those in effect on August 15, 1959. Provides that this standard can be changed but such will not effect the jurisdiction of any State board or agency already exercised or the Board's jurisdiction over any case duly instituted prior to expiration of 30 days publication notice.

Provides that any person may petition Board for determination of whether a dispute is within its jurisdiction, that such dispute will be stayed pending this determination and that notice shall be given all interested parties who may then answer. Board determination is final unless arbitrary.

Provides that when Board declines jurisdiction over an unfair labor practice the State or territorial courts shall have jurisdiction, or may designate an agency to take jurisdiction, such agency may have jurisdiction over labor dispute, unfair labor practice, or representation proceeding regardless of the effect on commerce. Provides that the State shall be governed by the Federal labor law and Federal court and NLRB decisions. State courts shall not have jurisdiction over these cases if an agency is established.

Allows union to urge a boycott of an employer when he is refusing to recognize a union chosen by majority of his employees or has committed unfair labor practice; allows union to protest working conditions of another employer when a work assignment dispute is involved; allows union members to refuse to enter premises of employer invoked in labor dispute with his own employees. However, contractors and subcontractors are exempt from this latter provision. Provides that hot cargo clauses constitute an unfair labor practice for both union and employer and that any now, or in the future, in existence are void and unenforceable.

Allows reorganization picketing when an election has been held at least nine months previously (now 12) and permits such picketing even without a petition for representation election when employer is paying substandard wages [amending U. S. C. 29: 156, 158, 164].

H. R. 11769. Mr. Poage; April 14, 1960
(Agriculture).

Family Farm Act of 1960 - Expands the list of commodities to which orders regulating handling are applicable. Requires the Secretary of Agriculture to give technical assistance to producers in preparing for hearings on such orders. Authorizes such orders establishing standards for contracts with existing firms engaged in marketing or processing. Authorizes national application of such orders, with appointive representation of each marketing area, and such different terms for different areas as necessary.

Creates a national commodity stabilization program, whereby the Secretary, whenever the supply of a commodity would exceed the estimated demand so as to threaten seriously farm income, may provide for the election of a farm program development committee from representative producers of such commodity. Requires division of the United States into not less than nine districts, for purposes of such representation. Requires each committee to develop and recommend to the Secretary a proposed national stabilization program for the commodity involved. The Secretary then submits the program to Congress. If either House does not then pass a resolution condemning such recommendation within 30 days then the Secretary is required to conduct a referendum of producers, with a two-thirds majority required to effectuate such program.

Provides that any national marketing quota or other adjustment program shall be that which will supply estimated foreign and domestic markets at a fair price, with due allowance for carryover, payments to producers in kind, and 10 percent of CCC stocks. Requires that any program effectuated shall establish procedures for balancing supply and demand; establish regulations for adjusting quotas among States, counties, and producers; and utilize any necessary alternative income stabilization methods in order to achieve fair price objectives at the lowest possible cost to consumers and taxpayers. Prohibits the inclusion of any provision which will result in Government acquisition or storage of commodities, or which will cost the United States more than 10 percent of the annual sales of that commodity. Continues present supports, etc., until replaced with programs hereunder.

Requires the Secretary of Health, Education and Welfare to underake a program of distribution of protein food to the needy, to institutions, and through the school lunch program. Authorizes purchases of products not in CCC stocks, and on the local market. Authorizes such sums as Congress determines necessary for such purposes.

Authorizes sales of CCC grain stock for use as feed at fair prices.

Requires the Secretary of Agriculture to expand the national base for soil-building crops and practices. Requires a producer, as a condition of any program payments, to designate certain portions of his farm as a soil-building base,and to establish and maintain protective vegetative cover on such base for not less than 3 years. Authorizes the Secretary to bear part of the cost of soil-building crops and practices, and to make payments in kind at two-thirds of the normal yield per acre on Government-rented land.

Provides price supports for wheat for the period from 1961 to 1965 at 85 percent of parity. Revises criteria for determining whether the farmer is eligible to come under the program or not. Provides that the farmer who exceeds the allotment will not be deemed to have done so unless he does so knowingly. Allows a complying farmer to designate an area equal to 25 percent of their allotment and not produce any crop thereon nor graze such acreage during a given year and as result be entitled to payment in kind (that is: in wheat) equal to 55 percent of the average yield over a 3 year period immediately preceding for that farm.

Revises the method of determining "Farm Market excess" of wheat and changes the penalty on the producers of such from 45 percent to 65 percent of parity. Revises the criteria for determining whether marketing quotas shall apply or not on minimal acreage. Reduces each allotment between 1961 and 1965 by 25 percent. Requires the Secretary to conduct a referendum among farmers which were wheat producers the previous year and not exempt from the marketing quotas to determine whether they favor or oppose that years quota. If as many as one-third oppose the quota then the Secretary shall suspend it prior to the effective date.

Agricultural Act of 1960 - Requires the Secretary of Agriculture to conduct a referendum of all producers of basic agricultural commodities for approval (60 percent required) of this Act. If approved, requires the Secretary to assign a yearly farm base acreage to each farm producing basic commodities. Provides a forfeit of double the value of any quantity of such commodity produced in excess acreage. Imposes marketing quotas based on 95 percent of the yield of the base acreage, and 90 percent in the case of surpluses. Further reduces the marketing quotas in the event a farmer has not stored 35 percent of his product in the preceding 3 years. Provides for the issuance of marketing certificates, specifying the quantity (as determined above) that may be marketed. Provides a forfeiture of double the value of any commodity transferred in violation hereof. Authorizes the Secretary to suspend base acreages and marketing quotas in the event the national reserve supply is less than 35 percent of annual consumption. Requires 5 percent of any farm to be devoted to soil conserving practices, and provides payment therefor.

Supports all basic commodities at 90 percent of parity through loans to producers and processors. Restricts sales by the CCC to sales at 10 percent over parity, except those to prevent spoilage.

Authorizes appropriations of .33 percent of the national income to purchase surplus commodities for distribution to poor and needy, both foreign and domestic. Authorizes the President to negotiate and enter agreements with foreign countries to raise world food prices.

Social Security Amendments of 1960 - Declares that Congress finds the present old-age and survivors insurance benefits are inadequate for our older citizens and that it is in the interest of the general welfare for financial burdens resulting from hospitalization and nursing services of our older citizens to be relieved through old-age and survivors insurance.

Provides that any person is eligible for hospitalization and nursing insurance who is entitled to monthly benefits under the Federal old-age and survivors insurance program, including those entitled to disability benefits.

Payments for hospital services are limited to the first 90 days of hospitalization in any 12-month period. Payments for nursing home or home nursing services are made if the individual is transferred to the nursing home or to his home from the hospital, or from the nursing home to his home, and if the services are for an illness or condition associated with that for which he received hospital services. Combined hospitalization, nursing home, and home nursing services cannot exceed 120 days. However, 1½ days of nursing home service would be counted as 1 day for this purpose, and two home nursing visits are counted as 1 day for this purpose.

Hospital services are defined to include drugs and appliances furnished by the hospital, laboratory services, ambulance services, use of operating room, staff services, bed and board.

Nursing home services include nursing care, related medical and personal services, and bed and board in a home operated in connection with the hospital or in which nursing care and medical care are prescribed by or performed under the direction of persons licensed to practice medicine in the State.

Home nursing service is defined to mean professional nursing care furnished by a community-sponsored nursing service, under the direction of a doctor, or practical nurses under the direction of a community-sponsored nursing agency.

Diagnostic outpatient services mean hospital services furnsihed to an individual as an out-patient for a diagnosis of illness or injury.

Every person entitled to benefits under the act is given completely free choice of the hospital, nursing home, home nursing, or diagnostic outpatient hospital service he chooses.

Agreements may be made between any hospital, nursing home or nursing agency and the Federal old-age and survivors insurance trust fund for providing these services. The amount of payments under the agreement is determined on the basis of the reasonable cost incurred, or, in the case of a nursing agency, the fee for all patients receiving like services. The agreement shall preclude the hospital, nursing home or nursing agency from requiring additional payments from individuals.

No supervision or control over details of the administration or operation, or over the selection, tenure or compensation of personnel shall be exercised by the Government.

All information concerning an individual obtained from him by any physician, dentist, nurse, hospital, nursing home, or any other person, is confidential, Any violation of this provision is a misdemeanor punishable by fine or imprisonment, or both.

Provision is made for not duplicating any of the benefits under this act and benefits received under workmen's compensation.

In administering this act, the Secretary of Health, Education, and Welfare shall establish a National Advisory Health Council consisting of the Commissioner of Social Security and eight others. Four of the eight shall be from fields pertaining to hospitals and health activities and the other four shall represent consumers. This Council shall advise the Secretary inthe administration of the act.

In carrying out the act, the Secretary is authorized to utilize the services of private nonprofit organizations which either represent qualified providers of hospital or nursing services or operate voluntary insurance plans.

The Internal Revenue Code is amended to provide for an increase in the taxes of self-employed individuals of three-eighths of 1 percent, an increase in taxes upon employees of one-fourth of 1 percent, and an increase upon the taxes of employers of one-fourth of 1 percent of wages.

Farm Surplus Reduction Act of 1960 - Outlines two price support and market adjustment programs for wheat to be presented to producers by referendum for the selection of a program by majority vote. Program A provides for price support of wheat for the 1961-1965 crop years at 85 percent of parity with a 25 percent reduction in the acreage allotment for wheat. Makes such price support available only to those producers who cooperate and only if the producers, by majority vote, do not disapprove marketing quotas. If marketing quotas are disapproved price supports are made available at 50 percent of parity.

Program B sets forth the Congressional finding that there is an urgent need to achieve a balance between the production and our ability to move wheat into domestic consumption and export. Provides price supports for wheat based on the support level for corn with adjustments based on weight, nutritive value, etc. Provides for support of the 1961 crop at less than 120 percent of the support price for corn. Places certain restrictions on the sale of surplus wheat by the Commodity Credit Corporation. Permits surplus wheat to be used for donation to friendly nations. Authorizes soil bank contracts with producers of wheat so that over a 3 year period 60 million acres might be placed in the conservation reserve program by wheat producers.

School Assistance Act of 1960 - Declares the purpose hereof to authorize a 2 year program of Federal grants for construction of schools and payment of teachers salaries. Makes a general assurance against Federal interference in schools, with certain exceptions. Authorizes annual sums of $10 times the national school age population, for fiscal 1960 and 1961. Distributes such sums to the States ratably by school age population. Provides for reduction of a State allotment by the same percentage that the State school effort index is below the national index. Sets forth formulae for determining such indexes on the basis of population and expenditures.

Requires a State education agency which desires to receive an allotment and payment hereunder to submit to the Commissioner of Education an application which provides: (a) assurance that the State education agency will be the sole administering agency for the funds received; (b) sets forth procedures to insure that funds will be allocated among projects within the States so that priority is given to local education agencies, which, in the judgment of the State education agency, have the greatest need for additional school facilities and which are least able to finance the cost of needed school facilities; (c) provides assurance that every applicant whose application for funds is denied will be given an opportunity for a hearing before the State education agency; (d) sets forth procedures for such fiscal control as may be necessary to assure proper distribution of funds hereunder.

Requires a State to increase its expenditures after the first year by at least 50 percent of the Federal funds, and reduces the allotment of States failing to match such prescribed amount. Requires a State to expend funds paid to it hereunder within the fiscal year, and to refund any unexpended portion. Imposes the requirements of the Davis-Bacon Act on all school construction hereunder. Authorizes the Secretary of Labor to enforce such requirements.

H. R. 12319. Mr. Prokop; May 19, 1960 (Veterans' Affairs).

Veterans Readjustment Assistance Act of 1959 - Establishes a program of readjustment assistance for the benefit of persons who serve on active military duty between January 21, 1955 and July 1, 1963.

Makes the following types of readjustment assistance available: (1) educational or vocational training; (2) vocational rehabilitation training for veterans with service-connected disabilities; (3) loan assistance for the purchase of homes or farms, including machinery, etc., to be used in farming operations conducted by the veteran.

To be eligible for educational or vocational training assistance, the veteran must have served on active duty between January 31, 1955, and July 1, 1963, for more than 120 days, and must have been discharged under conditions other than dishonorable. In the case of a veteran discharged from service for a disability incurred on active duty, the service requirement would not apply.

The educational or vocational training period would be calculated by multiplying one and one-half times each day of active military service between January 31, 1955, and July 1, 1963. The maximum education or training period to which a veteran could become entitled is 36 months.

Time spent in certain courses of education sponsored by the Armed Forces is excluded from active military service for educational benefits.

A monthly allowance, paid directly to the veteran is the means by which the veteran is assisted in a program of education. From this allowance, the veteran must meet all of the costs incident to his education - tuition, subsistence, books, supplies, fees, etc.

Veterans must commence education or training under the bill within 3 years after their separation from service and complete their training within 8 years.

To be eligible for vocational rehabilitation training, a veteran must have need of such training to overcome the handicap of a physical or mental disability, which is rated at 10 percent or more of total disability, and which is incurred in or aggravated by active military service subsequent to January 21, 1955. The general requirement for a discharge under conditions other than dishonorable would apply.

The length of training is dependent upon the needs of the veteran. In general, the period is limited to 4 years; however, upon appropriate findings additional time may be granted.

The veteran may enroll in any institution offering training designed to lead to the veteran's vocational rehabilitation.

A vocational rehabilitation trainee would receive a minimum subsistence allowance.

Loans - Makes post-Korean veterans eligible for Veterans' Administration guaranteed direct home loans similar to those available to Korean veterans under existing law. Loan rights of post-Korean veterans would not extend to the business loans. Direct loans authorized by this bill for post-Korean veterans would be subject to the present direct loan laws. Loans for post-Korean veterans would be subject to a guarantee fee in a sum not to exceed one-half of 1 percent of the amount of the loan to be used in the accumulation of a reserve fund to cover any losses that might arise under the program. The amount of the fee may be included in the loan to the veteran and paid from the proceeds thereof.

To be eligible under the loan provisions of the bill, a veteran must have served on active duty between January 31, 1955 and July 1, 1963, for more than 120 days, and must have been discharged under conditions other than dishonorable. The widow of a deceased veteran whose death resulted from active service would also be eligible. Loans may be guaranteed if application therefor is made before July 1, 1973.

Federal Construction Contract Procedures Act - Prescribes policy and procedure in connection with construction contracts made by executive agencies. Provides that each executive agency shall list in the bidding or contract documents pertaining to each lump-sum construction contract before accepting bids or proposals with respect thereto, each major category of mechanical specialty work involved in the performance thereof. Requires the general contractor to list the subcontractors of his choice in his bid provided that with respect to any such category the general contractor may, in lieu of listing the name of such contractor, give the executive agency as part of his bid or proposal a written statement (1) stating that he has made an effort to secure subbids for such category; (2) setting forth that at least five days prior to the date for submission of bids or proposals he requested subcontract bids from not less than three responsible subcontractors, etc.

If a general contractor fails to receive a definite or responsive bid from any contractor for such category and fails to submit a statement as required in lieu thereof, such contractor shall not be relieved thereby of any responsibility for his bid or proposal.

Exempts the following proposed construction contracts from the provisions of this Act (1) proposes contracts to be performed outside the continental limits of the United States which limits shall be deemed to include Alaska; (2) proposed contracts which are estimated by the contracting executive agency to involve less than $100,000; and (3) any proposed contract with specific reference to which a chief officer responsible for procurement of the executive agency which is to award the contract determines that the procedure prescribed herein would result in undue delay and that the public exigency or military necessity will not admit of such delay. Defines terms for the purposes of this Act.

Federal Equality of Opportunity in Employment Act - Makes the right to employment without discrimination a Federal right. Makes it an unlawful employment practice: (1) for an employer of more than 50 persons to discriminate in employment, because of race, religion, color, national origin, or ancestry or to obtain assistance in hiring from sources discriminating for such reasons; (2) for a labor union of 50 or more members, on the same grounds to discriminate or to limit, segregate, or classify

membership in any way which would adversly affect employees or applicants for employment or to cause or attempt to force an employer to discriminate against an individual; (3) for an employer or a labor union to discharge, expel, or otherwise discriminate against any person because he has opposed an unlawful practice or has filed a charge, testified, participated, or assisted in any proceeding, under this Act; and (4) for an employment agency to fail or refuse to properly classify or refer for employment because of race, religion, color, or national origin.

Establishes a Commission known as the Equality of Opportunity in Employment Commission of 7 members, appointed by the President with the consent of the Senate, to investigate, conciliate and adjudicate complaints of such unfair employment practices, to order their cessation and appropriate affirmative action, including hiring or reinstatement of employees with or without back pay. Prohibits any member of the Commission who files a charge of unlawful employment from participating in the hearing or trial. Gives the President power to provide for regulation on unlawful employment practices relating to a Government contract which requires the employment of at least 50 persons. The Commission may petition circuit courts of appeals to enforce certain orders, etc., and parties aggrieved by orders of the Commission may obtain review. Gives the Congress the right by concurrent resolution to disapprove a regulation, amendment, or rescission of the Commission.

Consumers Act of 1959 - Establishes the Department of Consumers within the executive branch of the Government to be headed by a Secretary of Consumers, who shall be appointed by the President.

Provides for the Presidential appointment of (1) an Under Secretary of Consumers, (2) an Assistant Secretary of Consumers, and (3) a General Counsel.

Declares it to be the duty of the Department, to protect and promote the interests of the people of the United States as consumers of goods and services made available to them through the trade and commerce of the United States.

Sets forth the following functions of the Department: (1) presenting the consumer viewpoint in the formulation of policies of the Government; (2) representing the economic interests of consumers of the United States in proceedings before courts and regulatory agencies of the United States; (3) conducting annually a National Consumers' Conference in order to obtain information, recommendations, and suggestions necessary for the Department's function; and (4) receiving, assembling, evaluating, acting upon, and disseminating information helpful to consumers of the United States in performing their economic function more efficiently.

Permits the Department to intervene in proceedings before regulatory agencies (other than where an alleged violation is involved) as a party to represent the public interests of consumers.

Authorizes the Department, upon its own motion, and upon written request made by an officer or employee of the United States who is charged with the duty of presenting the case for the Government in that matter, to certify evidence and information relevant to (1) the adjudications of alleged violations relating to the trade or commerce of the United States or (2) the proceedings in a Federal district court involving trade or commerce of the United States to which the United States or any regulatory agent thereof is a party.

Authorizes the Department to file an amicus curiae brief in Federal appellate courts, upon the determination by the Secretary that the appellate court's action may affect substantially the economic interests of the American consumer; however, in the case of (1) proceeding to which the United States or one of its regulatory agencies is a party or (2) a proceeding in which the Attorney General has been granted leave to intervene on behalf of the United States or any regulatory agency, prohibits the Department from filing an amicus curiae without the consent of the Attorney General.

Empowers the General Counsel of the Department, or any other Departmental attorney so designated by the Secretary, to appear on behalf of the Department in judicial or regulatory proceedings (the United States Supreme Court excepted) without otherwise complying with the requirements to practice before such court or agency.

Imposes a duty upon the Department to receive complaints from consumers concerning commercial and trade practices employed in the production, distribution, and furnishing of goods and services which may be detrimental to their economic interests.

Upon receipt of a complaint requires the Department to transmit to the producer, distributor, or supplier concerned written notice as to the nature of the complaint.

Where relief cannot be effected by the Department, permits transfer of the complaint to the department or agency which provides the most effective available means to secure relief for the complainant.

Requires the Department to promptly transmit information relative to violations of Federal law, regulations, or court judgments or orders.

Directs the Department to periodically make public information relative to its functions and the problems encountered by consumers generally.

Transfers all functions, powers, duties, and obligations, etc., of the following agencies to the Department: (1) Food and Drug Administration; (2) Division of Prices and Cost of Living of the Bureau of Labor Statistics; (3) Home Economics Research Branch and the Human Nutrition Research Branch of the Agricultural Research Service; (4) those elements of the National Bureau of Standards which the Director of the Bureau of the Budget shall determine to be engaged primarily in research with respect to, or the testing of, articles intended for use by consumers.

Requires the Department to make certain economic surveys and investigations with respect to: (1) production of goods and consumer capacity therefor; (2) distribution of goods; (3) prices for goods and services; (4) quality and suitability of goods; (5) degree to which the trade and commerce of the United States succeeds in satisfying consumer needs.

Empowers the Department to (1) investigate interstate corporations with assets in excess of $5,000,000 in order to conduct the aforementioned surveys; (2) require these corporations to furnish certain information annually; (3) investigate trade conditions in foreign countries; (4) make public such information obtained hereunder as may be deemed in the public interest.

Grants to the Department, for the purpose of conducting its surveys and investigations, all powers conferred upon the Federal Trade Commission in this respect.

Makes other provisions relative to the administration of the Department.
